Electrical Contractors

## SPECIAL PROJECTS DIVISON

### At Your Service

*Our Field Representatives (electricians) operate out of Fully Stocked Service Vans that are equipped with materials and tools, including the latest in electrical and telephone/data diagnostics. Any task, large or small, will be completed with outstanding quality and professionalism.*

*Recent service to an old switchboard*

**No job is too large or too small.**  
We want our customers to be completely satisfied while the job is being done and long after it is completed.

## Keeping You and Your Business Fully Functional...

We work with customers while minimizing interferences with day-to-day operations of their facility or business.

- **Providing quick completion and attention to detail**
- **Diminishing disturbances to you, your business or the facility in which you work**
- **Skilled, experienced electricians**
- **Working in occupied environments**

### .... 24 Hours a Day

*If something goes wrong, day or night, Ferry Electric Company will be there.*

With all of the essential tools, and access to emergency personnel, our **Special Projects Division** can open up supply houses for materials at any time.
