Dear Jim,

While this letter comes some months after the close of the Christmas season, it nonetheless comes with great appreciation for your generous gift of labor and materials that provided for the lighting of the Christmas creche in Gateway Center. Personally and on behalf of the Christians Leaders Fellowship who sponsored the Christmas Festival this past December, I express deep gratitude for your help in making the crib such an important part of the announcement of Christ's birth in the city of Pittsburgh. So many people have commented favorably on the placement of the crib at Gateway Center that I hope we will be able to make this an annual event.

With gratitude for all you continue to do for our diocesan Church and with every personal good wish, I am

Faithfully in Christ,

Bishop of Pittsburgh
